Property Details

Located just a few blocks from the beach in a highly coveted community, this exquisite home boasts three spacious bedrooms, each with its own en suite bathroom, and an additional half bath for guests. What sets this property apart is its practical 2-car garage, a rare find in a community where most homes offer one-car garages and less square footage at higher prices. The kitchen is intelligently positioned in the corner of the main area, maximizing storage space and creating an efficient walkthrough. Multiple sliding glass doors flood the interiors with natural light, while the central courtyard offers ample room for a pool or an outdoor living space. The backyard is generously sized, accommodating both a pool and a rancho. The stainless steel appliances and granite countertops add a touch of elegance to the kitchen. For those who prefer communal amenities, the community provides two large pools, a tennis court, and ample green spaces.
