## Property Details

At the quiet end of a private road in Playa Dominical’s lush green hills, this four-bedroom tropical modern estate offers a rare balance of refined craftsmanship, natural beauty, and total privacy. Built by Adrian Coto, a respected builder based in Uvita, known throughout Costa Rica’s southern zone for his precision work and distinctive designs, the home is as much a work of art as it is a place to live. Thoughtful Craftsmanship and Distinctive Materials From the moment you arrive, it is clear this is not a standard hillside villa. The home is a testament to his meticulous attention to detail. Every concrete surface is flawlessly poured, every hardwood accent sourced locally from sustainable forests and finished by hand. Oversized pivot doors make a sculptural first impression, while concealed hardware and sleek minimalist lines allow the natural materials to speak for themselves. Signature elements, custom cabinetry, artisanal stonework, and tailored lighting are visible throughout.
