## Property Details

Nestled at the end of a private drive in the coveted Lagunas neighborhood, this modernized Greek Revival home exudes luxury, sophistication, and a grand living experience. The 17-acre property starts at a gated entry and consists of an expansive 5-bedroom and 5-bathroom main house, a detached two-story guest house, a full acre yard with manicured Costa Rican gardens, swaths of primary forest, and a large extra building site – remote from the main home – that is fully prepared with water, electric and a gated entrance and driveway. The whole property, along with most of the rooms in the main house is surrounded by 180-degree ocean views and/or 180-degree mountain views. The ocean views appear to start at your feet as they rise to the horizon, and they reach from Manuel Antonio to the north and Caño Island to the south. You will have sunsets over the Pacific every day of the year. Recently renovated with a beautiful modern organic aesthetic, the home showcases grand high ceilings, a sweeping staircase, spacious rooms, a built-in large sauna, a media room, a wine cellar, a brand new cook's kitchen, a breakfast room off the kitchen, a formal dining room, and all of this is surrounded by large glass windows which spill out onto the surrounding porches with an outdoor kitchen, a Bali style pool with a wild lava-stone waterfall, and a great yard for playing.
