Property Details

Prime Ocean View Hilltop Property in Marbella - 2.2 Hectares This exceptional 2.2-hectare (22,000 m²) ocean-view hilltop property offers a rare combination of privacy, space, and prime location in Marbella. Elevated above the surrounding landscape, the land enjoys expansive, wide-reaching ocean vistas and refreshing breezes, making it an ideal setting for a private estate, eco-lodge, boutique cabinas, or a wellness retreat. The property is already well-prepared for development, with water plumbed to four different locations and electricity infrastructure in place, including a pole ready for transformer hookup. This makes future construction significantly more straightforward and cost-efficient. One of the property's most outstanding features is its layout, which includes at least four distinct building areas, allowing for flexible design options, whether for multiple structures, guest accommodations, or a main residence with separate amenities.
