## Property Details

There are homes you visit—and then there are homes that change your sense of place. Casa Luz belongs firmly in the latter. Tucked into the coveted, gated community of Costa Verde, this one-of-a-kind architectural estate is perched along a lush coastal ridgeline where the rainforest meets the Pacific. From the moment you step inside, the world opens up. Walls of glass dissolve the boundary between indoors and out, revealing uninterrupted, cinematic views of the ocean, jungle canopy, and the iconic Whale's Tail of Costa Ballena—an ever-changing masterpiece of light, color, and movement. Spanning approximately 7,950 square feet, the main residence is thoughtfully designed to elevate daily living into an experience. Five bedrooms and 5.5 bathrooms are arranged to maximize privacy, flow, and connection to the landscape. Every space feels intentional, calm, and grounded—yet undeniably luxurious.
