The land spans over 20,555 m², ideal for residential, commercial, or investment projects. The property boasts two street frontages, making it particularly attractive for development: - 26.45 meters of frontage on the main street of Mata Plátano, which is fully paved and has access to all public utilities. - 58.30 meters of frontage on Salitrillos Street in San Rafael de Montes de Oca, a gravel road with available electricity. The property is approximately 413 meters long from north to south, allowing for multiple design and development options.
