Property Details

Casa Besos is a modern, eco-friendly, luxury four (4) bedroom, four (4) and bath home minutes from the main surf break in Section J in Nosara, Costa Rica. This beautiful and serene home was collaboratively built with Nosara's local and leading architect, builder, and designers. We choose local woods and artisans for the home's furnishings to blend modern design with Costa Rica's beautiful jungle canopy. Casa Besos was intentionally created to celebrate the community with friends and family. The owners' first journey to Nosara took place over 10 years ago and they have seen the town grow and evolve. They choose to build a very personal home to share with special guests and friends. The main room wall is glass and opens to the tranquil pool and BBQ area. The gourmet kitchen offers a professional-grade stove to cook or to hire one of Nosara's well known private chefs. There are 5 seats at the kitchen island to discuss the day's waves or yoga class and the dining room table is constructed from a single piece of Guanacaste tree wood seating 10.
