Property Details

From practically every corner of both homes you will see the spectacular vista over the Whales Tale with three national parks filling the horizon (Corcovado, Isla de Caños, and Bahia Ballena). This unique ocean-view home is in Jardines De Morete just seven minutes from the Uvita beaches, nature tours, whale watching, surfing, and more. It is just five minutes from downtown Uvita where you will find all conveniences such as schools, groceries, medical services, shopping, restaurants, and much more. But, this home is located on the hillside avoiding the noise and bustle of the town. And it is at an altitude to get a spectacular view of the Whale's Tail and fresh daily onshore breezes! Location, location, location!! The property as a rental is in a very upscale community where the nightly rentals are high and carry the highest occupancy rates. While most luxury homes in this area sit on tiny plots of land, this property has 3,176 square meters that is segregated into 3 separate lots with space to either build more or keep your privacy.
