Property Details

A beautiful garden oasis boasting a private pathway to the breaking waves of Playa Guiones, Casa Delfin was designed to provide guests with a luxurious indoor-outdoor jungle living atmosphere. The classic Costa Rican architecture, combined with the vibrant, lush flowers and trees encompassing the property make for an authentic and rich experience. Within the gates of Casa Delfin, you will find the main house with two separate villas, gorgeous gardening, ample outdoor space, a pool, a fully equipped kitchen, and a laundry room. A perfect home for both entertainment and relaxation for groups of families and friends. Secure, private, and peaceful, with only the sounds of waves and birds, Casa Delfin sits on a quiet, dead-end street in the prestigious J Section. One of its best features: it is one of the only houses in town with its own private beach path, while still being only a short few minutes walking from the central area of town.
